RE: Rental Car Citation and Toll Notice Processing Policy

As you may know, Enterprise Rent-A-Car is owned and operated through its regional subsidiaries by Enterprise Holdings Inc, which acquired the Alamo Rent A Car and National Car Rental brands in 2007. As a result, all citations and toll notices for Alamo Rent A Car, Enterprise Rent-A-Car and National Car Rental vehicles are now collected and processed in one consolidated location in Tulsa.

We respond to all valid and timely citations and toll notices that provide the following information: type of violation, ticket number, license plate number, license plate state, notice date/time and amount due.

An electronic format (for example, Txt or Excel) is preferred. Notices are processed in one of two ways:

1. Payment - Check
2. Transfer Liability – Provide Renter Information

Any queries about our account status or processing policy should be sent to EANTickets@ehi.com, or mailed directly to:
