ATECA

REASON FOR PLANTING

PROJECT HIGHLIGHTS:

- January 2018 planting timeline
- 4,000 trees funded by Enterprise
- 2017 is the 3rd year of tree planting in Spain
- 24,000 total trees planted in Spain through our partnership

This is a unique opportunity to plant on private land, and a variety of species will be incorporated. The trees will improve biodiversity in the area while expanding forest cover, limiting soil degradation, and creating natural shelter for livestock.
