

# Econfina Creek Water Management Area

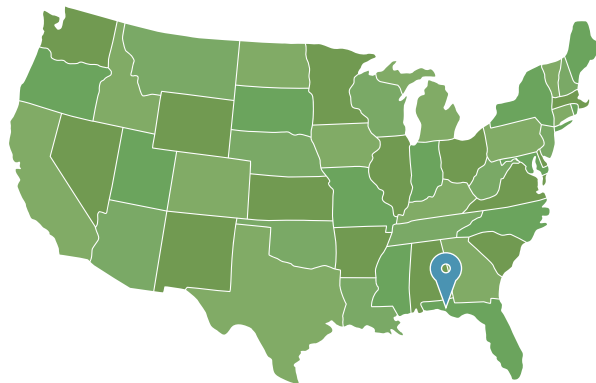

BAY AND WASHINGTON COUNTIES, FLORIDA

## REASON FOR PLANTING

## PROJECT HIGHLIGHTS:

- January - February 2018 planting timeline
- 250,000 trees funded by Enterprise
- 7th year planting in the state of Florida
- More than 1.5 million trees planted in the state of Florida since 2012

**W**orking alongside the Northwest Florida Water Management District, we are planting longleaf pine to protect critical water resources. The goal is to restore and preserve the primary source of drinking water for Bay County, Florida.
