

PROJECT HIGHLIGHTS

**January**

2019 planting timeline

**200,000**

trees funded by Enterprise

**8<sup>th</sup> year**

planting in the state of Florida

**More than  
1.7 million**

trees planted in the state  
of Florida since 2012

**PROJECT PROFILE: 2019**

**Econfina Creek Wildlife  
Management Area, Florida**

**REASON FOR PLANTING**

Working alongside the Northwest Florida Water Management District, we are planting longleaf pine to protect critical water resources. The goal is to restore and preserve the primary source of drinking water for Bay County, Florida.

Restoring and preserving the primary source of drinking water for Bay County, Florida

Replanting native tree species to return this area to its natural state

Improving habitat for area wildlife including deer, bobwhite quail, Sherman's fox squirrels, and gopher tortoises
