

Enterprise Car Sales is a service of the Enterprise Rent-A-Car brand, which is owned by Enterprise Holdings, the world's largest car rental operator.

A pioneer in haggle-free car-buying, we offer a **variety of makes and models** of high-quality, late-model used cars, trucks, vans and SUVs.

Most of our vehicles have been selected from Enterprise Holdings' U.S. fleet vehicles. And they all follow a regular maintenance schedule based on the manufacturer's requirements. We also perform regular trunk-to-trunk visual inspections for such safety items as tires and warning lights, as well as for any changes in a vehicle's condition.

Each vehicle must also **pass a rigorous inspection performed by an ASE-certified technician** and comes with a seven-day/ 1,000-mile buyback policy, a 12-month/12,000-mile limited powertrain warranty and 12 months of unlimited mileage roadside assistance. **Free CARFAX® Vehicle History Reports™** are also available for all vehicles.

We offer financing through our network of preferred lenders, as well as **Enterprise Auto Finance™**, the brand's private label financing program through Chase.

For corporate customers, we also offer a commercial accounts program that specializes in multiple vehicle purchases.
