

PROJECT HIGHLIGHTS

Apr–May

2021 planting timeline

120,000

trees funded by Enterprise
this year

11th year

planting in the state of Michigan

Over 2 million

trees planted in Michigan
through our partnership

PROJECT PROFILE: 2021

Michigan State Lands

REASON FOR PLANTING

By planting red pine and jack pine trees, forests across Michigan will see improved habitat for wildlife including deer, turkey, grouse, and – most notably – the Kirtland’s warbler. These birds nest in young jack pine forest stands that are created by tree planting. The pine trees will also help the Michigan Department of Natural Resources manage carbon sequestration and storage.
