Tyndall Air Force Base, Florida

REASON FOR PLANTING

In October of 2018, Hurricane Michael passed directly over Tyndall Air Force Base near Panama City, Florida. The Category 5 hurricane caused major wind and surge damage including 12,000 acres of mature slash pine trees snapped in half. While the Air Force Base has funding for the cleanup effort, support is needed to replace the trees and ensure a healthy, forested future for this ground.
