

## PROJECT HIGHLIGHTS

# Throughout

2021 planting timeline

# 40,000

trees funded by Enterprise  
this year

# 14<sup>th</sup> year

planting in the United Kingdom

# More than 1 million

trees planted in the United Kingdom  
through our partnership

## PROJECT PROFILE: 2021

# United Kingdom

## REASON FOR PLANTING

The Mersey Forest, one of England's 10 Community Forests, is a growing network of woodlands and green spaces that connects people with nature. Collectively, these community forests form England's largest environmental regeneration initiative. As tree planting efforts in this forest increase, so do the benefits – including environmental, health, and economic benefits that will ensure a better future for area communities.
