

## PROJECT HIGHLIGHTS

# Winter/ Spring

2021 planting timeline

# 60,000

trees funded by Enterprise  
this year

# 1<sup>st</sup> year

planting in the state of Washington

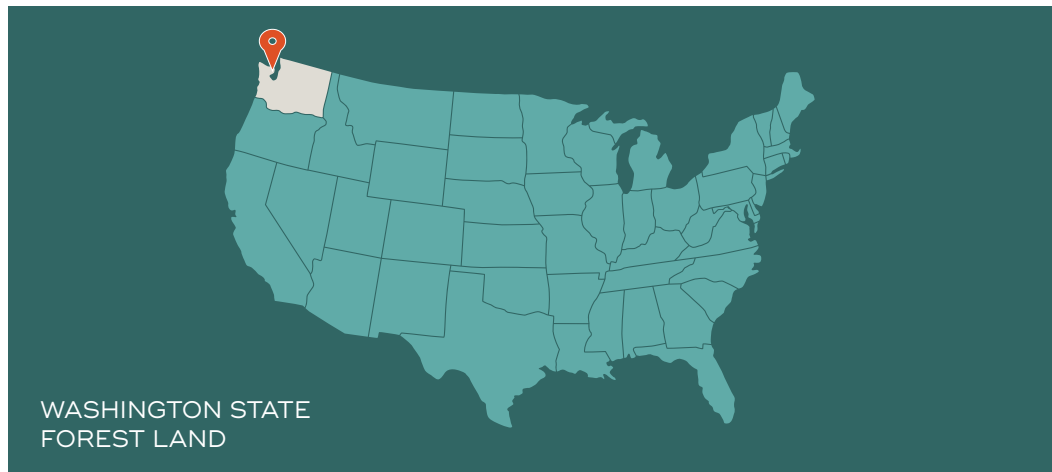

## PROJECT PROFILE: 2021

# Washington State Forest Land

## REASON FOR PLANTING

We are working with the Washington Department of Natural Resources to improve overall forest health throughout the State of Washington. Replanting efforts are focused on providing forest resiliency for areas affected by disease and insect damage, restoring riparian zones, improving habitat for the threatened northern spotted owl, and ensuring healthy and diverse mixed-species tree stands.
