

# Investing in the Future of Mobility

**Enterprise Holdings Ventures** operates within Enterprise Holdings. We are strategic venture capital investors committed to supporting emerging transportation technologies, platforms, and innovations designed to improve our lives through mobility and transportation.

We invest in platforms and technologies that accelerate our ability to deliver industry-leading mobility solutions, paired with complete customer satisfaction, in a rapidly changing mobility marketplace.

We typically invest in post-revenue companies with proven business models and technology at the series seed, A, B, C, and D levels.

**Enterprise Holdings** — which owns Enterprise Rent-A-Car, National Car Rental and Alamo Rent a Car — **is the industry leader in mobility and transportation.**

In addition to our core rental brands, we operate **car sharing, truck rental, commute management, the country's largest fleet management company, and an integrated claims services software company.**

As a privately held company, we have the **patience, fortitude, and resources** to invest for the long-term.

**2.1 million+**

vehicles in our private fleet, the largest and most diverse in the world

**\$30 billion**

in FY22 revenue secures our position as a major player in the global travel industry

**10k+**

branches operating globally

**80k+**

global employees

**90+**

countries in our network

# Enterprise Holdings Ventures

has made ~\$240 million in capital investments or commitments to date.
